COVID-19 UPDATE

Friday, May 8, 2020

There are still no reported cases of COVID-19 at The Redwoods, but there was a confirmed case at the Safeway across the street - so please be careful.

We are looking forward to Sunday, Mother’s Day and hope you will be able to call, have an internet chat and/or possibly see your loved ones this Sunday.

This is a limited experiment to see if we can enable in-person visits, through closed windows, in select areas of the community, on a scheduled basis. If it goes well, we will look to offer this option regularly. So please help us make it go well.

- The only supported, in-person, visits are those that are pre-scheduled for 1 of the 5 locations.

- Please try to arrive and leave on-time to allow others to have a visit too.

We hope to accommodate as many families as possible, but need to do so in accordance with the CDC, CMS, California Health and Social Service as well as Marin Public Health Guidelines.

Your assistance wearing face coverings, keeping physical distances and arriving and leaving at scheduled times will be a big help.

As a reminder – All Employees and Approved Caregivers must enter through a check point, wash hands, have temperature read and complete the screening form.

COVID-19 UPDATE

Everyone Please Remember

The safety of the over 500 people who live or work at The Redwoods depends on your continued observance of the following five primary guidelines:

- **Wash your hands**, and other surfaces - often

- **Keep 6 feet away from one another – and wear a face cover**

- **Do not gather in groups** of more than 10 people

- **Try to stay on The Redwoods campus** if you are a resident and be sure to return through the Main Entrance, wash your hands and have your temperature taken when you return.

- **Visit by family and friends should be by phone or internet only** except in accordance with visiting policies set out on the opposite side.

Thanks very much for your consideration and support!
